

REVEGETATION SPECIES LIST 2024

We aim to have the following, locally eco-sourced species available during 2024. Species may be sourced from any of these areas: [Nelson, Tasman Bay and Golden Bay](#); [Nelson Lakes, West Coast, Marlborough & Marlborough Sounds](#).

Availability will fluctuate throughout the year. Some species will be in short supply **(ltd)** once advance orders are filled, and may only be available in grades larger than our standard rootrainer (Tinus/Hillson) sizes (eg. 12.5cm, 1.5L pots; F/T forestry tube).

Please contact us if there are additional species you would like us to source or grow.
